

Waltham and Reference, Mounting of. (see cover in Samuel Hughes, Waltham). Sept 1914 - June 1915 A1957-0007 / 035 (65)

September 16th, 1914

The Minister of Militia,
Ottawa.

Sir:

The state of war now forced upon us makes it advisable that Military Training be provided in the University of Toronto.

About two years ago the Board of Governors and Senate agreed as to the desirability of the establishment of a detachment of the C.T.C. and you are aware of the reason why it has not been organised, namely, the absolute lack of suitable quarters for the care of arms and accoutrements. I therefore request you to authorise the establishment of a detachment of the C.O.T.C. so that with the return of the students on October first it may immediately be got under way. I also request your authority for the securing, by lease or otherwise, such temporary quarters as we may be able, by co-operation with the General Officer Commanding 2nd. Division, to arrange for.

The intention is to prepare Service Rolls for a four, or perhaps an eight Company Battalion, as enlistment goes on, and the Board of Governors will assign for this purpose temporary rooms in the University Buildings. They will suffice only as Offices, not as Store-rooms for Equipment.

I shall be prepared to suggest shortly to you, as I understand the Regulations etc. require, the names of the Officer Commanding, and the Captains of Companies.

Yours sincerely,

President.

University of Toronto.

September 17th. 1914.

December 4th, 1914

The Honourable The Minister of Militia,
Ottawa.

Sir:

I have the honor to transmit for your recommendation the names of the following gentlemen whom I should like to act as members of the Committee on Military Education who are to have general oversight of the work of the Officers' Training Corps in the University, the authorisation for which was given some weeks ago:

The President of the University
Dean Ellis
Dean Baker
Principal Hutton
Provost Mackler
Professor Pelham Edgar
Professor J. J. Mackenzie
Lt.-Col. J. T. Fotheringham, absent on duty.
Mr. H. W. Mickle, M.A.
Professor W. R. Lang, Colonel and Officer commanding the contingent.
The Secretary, the acting Adjutant.

Yours sincerely,

President.

C.

MINISTERS OFFICE

OTTAWA December 7, 1914.

Dear Dr. Falconer,-

I am in receipt of your letter of the 4th instant, recommending the names of a number of gentlemen to act as Members of the Committee on Military Education, for which please accept my sincere thanks.

I heartily endorse every name submitted. I know them personally and will be only too delighted to assist in every imaginable way in this splendid work, and will, also, give as much time to it as possible.

Again thanking you, and wishing you every success.

Faithfully,

A handwritten signature in cursive script, appearing to read "Sam Hughes".

President, University of Toronto,
Toronto, Ont.

December 17th, 1914

The Secretary,

Militia Council, Ottawa.

Sir:

In answer to your letter H.C. 74-49-11 referring to admission of matriculants to the Royal Military College, I recommend that the applications from the following undergraduates of the University of Toronto for free admission to the Royal Military College, Kingston, in accordance with the terms of your letter be accepted by the authorities of the Royal Military College:

Robert Cockburn Hays of Trinity College, who has complete matriculation, and is in the General Course of the first year in Arts. He has had considerable military experience in cadet corps, militia, and O.T.C. His home address is Wellington Street, Goderich.

Paul B. Clarke, Trinity College, who matriculated in June 1914 with honours in English, Classics and French, will be 19 on Feb. 10, 1915, has been drilling regularly with the O.T.C.

Hugh Lawson, 27 Howland Avenue, Toronto, matriculated in June 1914 with honours in English, Latin, German and French.

I enclose a letter from Crawford Martin, Trinity College, who matriculated in June 1913, taking honours in Classics and Mathematics, asking for additional information.

I have the honor to be,

Sir,

Yours sincerely,

President.

Trinity College,
Toronto.

Dec 14th 1914.

The President
University of Toronto

Dear Sir

I wish to apply for
~~the~~ vacancy at the Royal Military College
and am I believe eligible under all the
conditions stated in your letter. I mat-
riculated in June 1914 with honors in
English, Classics and French. I will be
nineteen on February 16th 1915. I have
been drilling regularly with the Trinity
Company of the O.T.C. Hoping to hear from
you shortly

I remain

Yours sincerely

Paul B. Clarke.

Trinity College,
Toronto.

Sunday Dec 13th/14.

The President,
Toronto University,
Toronto.

Dear Sir:-

I hereby make application for
entrance into the Royal Military College,
Kingston.

I am in my first year, (general arts) at
Trinity University and have obtained
my full matriculation (1914)

I have had considerable military
experience in cadet corps, militia and
O.T.C.

My home address is Wellington St.
Goderich, Ont.

Hoping to hear from you shortly,

I remain,

yours truly,

Robert Cockburn Hay.

Trinity College

Admission of Matriculants to the
Royal Military College, Kingston, Ont.

Sir,

I have the honour, by direction, to inform you that it has been decided to offer free admission to the Royal Military College, Kingston, Ont., to matriculants in the Faculty of Arts or Science, at any chartered University in Canada, provided they were under 21 years of age on the 1st January 1914, and that they were medically fit.

2 - The number allotted to the University of Toronto is five (5), and the candidates recommended by you, who must have matriculated within the previous 12 months, if finally approved, should join the College by 6 p.m., on the 4th January next.

3 - Please submit a list of those you recommend as soon as possible, in order that the quotas allotted to other Universities, may be increased in the event of none of your matriculants wishing to avail themselves of the opportunity.

I have the honour to be,
Sir

Your obedient servant,

Septimus D. Smith
Adjutant-General.

December 31st, 1914

The Honourable The Minister of Militia,

Militia Department,

Ottawa.

Sir:

It is glad to be able to inform you that though we asked the Militia Department to sanction an Officers' Training Corps of strength that we believed at something over one thousand, we have over seven hundred enrollees, and it is impossible for us to make a selection without injuring the spirit of the whole body. You will, I am sure, recognise what valuable material there is for the Army in these men. The Militia Department has been good enough to promise uniforms for the number already enlisted, but that leaves us with six or seven hundred men to be provided for. Will it not be possible for the Militia Department to authorize uniforms for the number whom we have enrolled? If so done, you will I am sure increase the spirit of the corps and add to the obligations under which we already stand to you.

Yours sincerely,

President.

Septimus H. Wilson
Adjutant-General.

January 11th, 1915

To the Honourable the Minister of Militia,

Ottawa,

Sir:

We have been informed that there is a possibility of the creation of a concentration camp in the spring in order that intensive work may be given to students of the Universities who have joined the Officers' Training Corps in the University of Toronto. We are now making arrangements for the close of the term - including the spring examinations, and it is necessary for us to look ahead intelligently with our students at the Officers' Training Corps and expect to receive the formation of such a camp. May I therefore ask you to be kind enough to let us know at your earliest convenience whether such a camp will be formed, and if so, the most probable date?

We have been told that McGill University has resolved to shorten the term in order to make it possible for its students to attend such a camp.

Yours sincerely,

President.

MINISTERS OFFICE

OTTAWA, January 14th 1914.

Dear Sir,

I am very pleased to hear of your

interest in the proposed new

building, and I am sure that you will find it a most interesting and valuable addition to the city. I have long felt the desire, as you have, to give our University a more modern and comfortable home, and I am sure that the new building will be a most successful one. I am sure that you will find it a most interesting and valuable addition to the city.

Sincerely,

Samuel Hughes

Yours faithfully,
Samuel Hughes

I.

MINISTER'S OFFICE

OTTAWA Jan. 14th, 1915.

Sir,-

I have the honour, by direction of Major-General Hughes to inform you that the Medical Branch of our Militia Service is in need of a large number of capable young men to serve as dressers or "First Aid to the Wounded", &c.

The thought has occurred to the Honorable the Minister of Militia and Defence that a number of your first, second and third year Medical students, or students in other Faculties,- intelligent men,- might be anxious to serve in such capacity in the War, indeed many have spoken to General Hughes of such a desire.

Any such young gentleman in the University under your charge, who is desirous of serving, should apply through you to the Assistant Director of Medical Services for the Military District in which you are situated, and if this course would be followed, General Hughes would much appreciate it.

If the contingent does not sail until the end of February, or in March, perhaps you could see your way clear to allow these students their year in College,- otherwise both students and parents might object to the proposal.

Will you be so good as to let General Hughes know if this meets with your approval, and if you will facilitate the object in view as much as possible?

I have the honour to be,
Sir,
Your obedient servant,

Charles F. Winter

Lt.-Col.
Military Secretary.

Dr. R. A. Falconer, C.M.G., LL.D., &c.,
President, University of Toronto,
Toronto, Ont.

DEPARTMENT OF MILITIA AND DEFENCE.

Ottawa, January 10, 1916.

Dear Sir.-

I beg to acknowledge receipt of your letter of the 31st ultimo with regard to uniforms for your Canadian Officers' Training Corps.

It is recognized that the demands upon the department to clothe and equip the 20,000 men of the 2nd Division, the 50,000 men now mobilizing, and to keep 40,000 men in the field, is taxing the Department to its utmost.

Every effort will however be made to meet the demands for the first 1000 of your Officers Training Corps, and just as soon as it is possible to increase this to the number you mention, about 1700, it will be done.

It is regretted that I cannot at present give you any more definite assurances, but the requirements of the University of Toronto will not be forgotten.

Yours truly,

R. A. Falconer, Esq., *L.L.B.*
Pres. University of Toronto,
Toronto, Ont.

[Signature]
Surgeon-General,
Deputy Minister.

January 16th, 1915

Dr. Fiest,

Ministry of Militia and Defence, Ottawa.

Dear Dr. Fiest:

Many thanks for your letter. I realise that the Department is very heavily strained to provide for present necessities, but I am glad to know that we shall soon get the uniforms for one thousand of our Officers' Training Corps, and that the remainder will follow.

Yours sincerely,

President.

January 14th, 1918

[Lt.-Col. Charles H. Winter,

Military Secretary,

Department of Militia and Defence, Ottawa, Ont.

Dear Sir:

On receiving your letter of January 14th I recalled some matters of my military position with regard to the proposal of the Honourable the Minister of Militia and Defence. I feel confident that we shall be able to get sufficient officers and men from the students of the University who are now training in the Officers' Training Corps to undertake such duties as you mention. May I suggest, however, that it will be much easier for us to obtain offers of service if a formally proposed to take to them, such as, e.g., the formation of a special battalion in the A.M.C. establishment. I am informed that the personnel for such a battalion would consist of 21 officers, all of whom could be obtained from the A.M.C. officers on our own staff or from the graduates of the University of Toronto: 140 rank and file, who could be in the said fifth and fourth year and from the faculty of Medicine or from other faculties who are now undergoing instruction in the U.S.A.

May I ask for a reply at your earliest convenience as to the feasibility of my suggestion because if it is approved by you, it will be necessary for me to submit forthwith a meeting of the faculty of Medicine in order to determine what steps should be taken to arrange for giving standing in their years to such men as may enlist. May I further suggest that I would find it convenient to complete arrangements if you would authorize the divisional authorities to co-operate with us as far as may be deemed most

expedient.

I am,

Yours sincerely,

Frederick C.

I.

610

MINISTER'S OFFICE

OTTAWA Jan. 19th, 1915.

Sir,-

I beg to acknowledge receipt of your letter of 18th instant and shall lay your proposals before General Hughes so soon as he returns to Ottawa.

I expect him back from the West about the end of the month.

To-

The President,
University of Toronto,
Toronto, Ontario.

Sir,-

I have the honour to acknowledge receipt of your letter of the 20th instant, and in reply have to state that it is feared that it will be wholly impossible for you to obtain a correct list of the names of graduates and undergraduates of the University of Toronto, who have been enlisted for service overseas with the 2nd Canadian Contingent. The only possible way in which you can obtain the names will be to wait until the nominal rolls are printed, and for some member of your staff to go over the list and check off those who are known to be former graduates or undergraduates of the University.

The rolls of the First Contingent are now being prepared, and will be available for issue in the course of a few weeks. It will, therefore, be some little time before the rolls of the various units of the 2nd Contingent will be printed.

I have the honour to be,
Sir,

MINISTER'S OFFICE

OTTAWA Feb 23, 1915.

Personal

Dear Dr. Falconer,-

-Re the Medical Students who wish to go as Lieutenants, after graduation, and still act as Dressers, or Orderlies.-

As you are aware, it has been decided that this would be practically impossible, much as we would like to meet your wishes.

You heard the full discussion, and I am sure you will agree with me that these young gentlemen will have ample opportunity of becoming commissioned Officers in Earl Kitchener's army from time to time.

As I explained to you, I shall have pleasure in giving them, in our Canadian Militia list, any rank which they may attain in the British Service.

Trusting this will be satisfactory, and wishing you every success.

Faithfully,

A handwritten signature in cursive script, likely "James H. Hughes", written over a horizontal line.

Dr. Robert Falconer,
President, University of Toronto,
Toronto, Ont.

February 24th 1915

THE POLYMERIZATION OF VINYL

MONOMER

1991

The polymerization of vinyl monomer is a process that has been studied for many years. It is a process that is used in the production of many plastics and polymers. The process involves the reaction of a vinyl monomer with a polymerization catalyst. The catalyst is a substance that speeds up the reaction between the monomer and the polymer. The reaction is exothermic, meaning that it releases heat. The reaction is also reversible, meaning that it can go in both directions. The reaction is typically carried out in a reactor. The reactor is a vessel in which the reaction takes place. The reactor is typically equipped with a stirrer and a cooling system. The stirrer is used to mix the monomer and the catalyst. The cooling system is used to remove the heat from the reaction. The reaction is typically carried out at a temperature between 50 and 100 degrees Celsius. The reaction is typically carried out for a period of time between 1 and 24 hours. The reaction is typically carried out at a pressure between 1 and 10 atmospheres. The reaction is typically carried out in a batch reactor. The batch reactor is a reactor in which the reaction is carried out in a single batch. The batch reactor is typically equipped with a stirrer and a cooling system. The batch reactor is typically used for the production of small quantities of polymer. The continuous reactor is a reactor in which the reaction is carried out continuously. The continuous reactor is typically equipped with a stirrer and a cooling system. The continuous reactor is typically used for the production of large quantities of polymer. The reaction is typically carried out in a reactor that is equipped with a stirrer and a cooling system. The stirrer is used to mix the monomer and the catalyst. The cooling system is used to remove the heat from the reaction. The reaction is typically carried out at a temperature between 50 and 100 degrees Celsius. The reaction is typically carried out for a period of time between 1 and 24 hours. The reaction is typically carried out at a pressure between 1 and 10 atmospheres. The reaction is typically carried out in a batch reactor. The batch reactor is a reactor in which the reaction is carried out in a single batch. The batch reactor is typically equipped with a stirrer and a cooling system. The batch reactor is typically used for the production of small quantities of polymer. The continuous reactor is a reactor in which the reaction is carried out continuously. The continuous reactor is typically equipped with a stirrer and a cooling system. The continuous reactor is typically used for the production of large quantities of polymer.

Lt.-Col. Nibter,
Military Secretary,
Department of Militia and Defence,
Ottawa.

Dear Sir:

Will you be kind enough to express to General Hughes my gratification that he has recommended that the grant to the University of Toronto for the manufacture of tetanic antitoxin from our Laboratory of Hygiene be increased from \$4500 to \$5000? I shall report this to the Board of Governors, who will, I am sure, be much pleased at the Minister's willingness to make this recommendation.

I am,

Yours sincerely,

President.

Dr. Falconer,

University, Toronto.ont

Have been informed that some lady who is not trained in our Canadian force and who is ignoring our military trained nurses has been

constituted to select the nurses for the university hospital staff stop We have had trouble enough with some meddling people in the

nurse line from Toronto stop Please be on your guard before handing over control to anyone not trained in our course our own nurses must

have recognition and our own military Toronto doctors stop We can permit no favouritism or discrimination stop there must be no injustice

no slander and no one woman may be authorized and given authority to discriminate stop It cannot be permitted stop am writing you.

Sam Hughes.

MINISTERS' OFFICE

OTTAWA

March 4, 1915.

Dear Dr. Falconer,-

-Re the Hospital and Nursing
Staff of the University
of Toronto-

I have been having enquiries made, owing to a number of rumours that reached me, into this general question, and, am sorry to say that while, in the main, the spirit of patriotism is the moving impulse, yet that humanity, in certain aspects, is displaying itself.

For example, you seem to have constituted one woman in Toronto, to select the nurses. This cannot be permitted for a moment, for, already, she has created more disturbance among the nurses of the country, than you can imagine.

There has been some scandal and slander going on in Toronto, and up and down the Country, over these nurses, all of whom I believe are far above the average, than one could believe possible, and, I understand, it emanates from this source.

Moreover, from Toronto, I hear all sorts of complaints, from nurses and others, of the tyranny and arrogance displayed. Nurses who have been associated with the hospitals, who have been for years in our Military force, who are at the head and front of their profession, are given to understand that they will not be permitted to go.

In order that this may be on a broader basis, may I respectfully suggest to you the propriety of forming some Board to look into the whole question, because inasmuch as I am responsible, and do not intend shirking my responsibility, I must be satisfied that everything is on a fair and honourable basis, as it certainly will not be if the reports reaching me are correct.

I might take the liberty of suggesting that Colonel Marlow, whom I have known from his infancy, and who has been senior Officer in the practical military medical work in Toronto for some years, with MacPherson-Roberts and Fotheringham having given up active work-might be put on your Board.

I think that you, Fotheringham, Marlow and others of your selection, were to be constituted into a Board, it would fill the Bill.

Rest assured, Dr. Falconer, you will need to have a firm hand in dealing with these women, and, under no consideration, should be trusted, the control of the nurses, to any one woman. Indeed, if half what I hear is true, I would be justified in refusing to recognize any nurse selected by a woman, who states she has been constituted dictator in this matter.

Faithfully,

Sam Hughes

Dr. R. A. Falconer,
Toronto University,
Toronto, Ont.

576

March 5th, 1918

General Hughes,
Minister of Militia and Defence,
Ottawa, Ont.

My dear General Hughes:

[I have just received your letter. As I telegraphed to you last night, I am not aware of the state of affairs to which you refer, but I am at once taking it up with Dean Clarke. Assuredly we do not wish to put authority into the hands of any one person, and the Faculty of Medicine met last Monday and appointed a Committee consisting of Dean Clarke, Lt.-Col. Roberts, Lt.-Col. Fotheringham and myself to deal with all these questions before we make nominations.

After very full consideration, and apparently with the complete goodwill of the Faculty of Medicine, I have determined to ask the Board of Governors next Thursday to allow me to send you the name of Lt.-Col. Roberts as the head of the Hospital. He is going down with Dr. Clarke on Monday to discuss matters with you. Colonel Roberts, as you know, has had a good deal of active service, and he is a man, I think, who will gather around him the other doctors. You have probably had enough experience with the medical men to know that it is sometimes hard to get one man with whom all the others will work. I think we are very fortunate in having in Roberts one of whom it can be said that he will be accepted by all, and at the same time one whose

military experience is as you know of the highest order.

I hope that Dr. Clarke and he will be able to clear up difficulties with you on Monday, so that we may get you the best possible Hospital that the University can supply.

I am,

Yours sincerely,

President.

MINISTER'S OFFICE

OTTAWA March 9th, 1915.

Personal.

Dear Dr. Falconer,-

I have much pleasure in acknowledging receipt of your letter of the 6th instant.

In reply, I beg to advise you that Dean Clarke explained everything to my satisfaction.

I was very sorry that the person referred to should cast such reflections on other people as she did.

With kind regards.

Faithfully,

A handwritten signature in ink, appearing to be "S. J. ...", written over a dashed line.

The Reverend,
Dr. R.A. Falconer,
President University of Toronto,
Toronto, Ont.

Personal.

March 18th, 1918

The Honourable the Minister of Militia,

Ottawa, Ont.

My dear General Hughes:

I think you will agree with me that the staff we are offering you for the Hospital is about as good as could be chosen. You will have a splendid lot of young fellows, expert Surgeons and Physicians and laboratory men, and a score of seniors who have had great experience and who stand second to none in the city. From what I learn also the selection of nurses is admirable, and it has all been done without local interference, so far as I am aware, and endeavour to be made to provide the best possible material. My particular object in writing to-day is to ask if you will authorize the practice of the rank of Lieutenant-Colonel to our seniors who are going: Drs. Priorson, F.W.T. Starr and McKeown in Surgery, and Francis Chatters and A.S. Gordon in Medicine. These are all have large practices, are making considerable sacrifice, and hold positions of high standing in the University and in the Hospitals. Dr. Roberts said that you told him you would give this matter favourable consideration. It will make it easier for these men to leave the rank, though of course they have accepted the conditions that have been given to them.

May I also ask one more favour? Three of our men are very anxious to go for the study of medical and surgical conditions in the Hospital. We cannot put them on the laboratory staff, and we do not ask rank for them. I merely ask that you will allow them to go over in the steamer with the Hospital and that the Colonel may be

given power to allow them to make such study of conditions with a view to the advancement of medical and surgical science as may be possible. They would return in the autumn for the opening of the session. They would expect no pay of course. The names of these gentlemen are: Dr. T. G. Brodie, our Professor of Physiology; Dr. J. J. Mackenzie, Professor of Pathology, and Dr. B. B. Watson, Professor of Gynaecology. The results that such skilled observers should bring back may be of inestimable value for the development of medical science here.

With kind regards, I am,

Yours sincerely,

President.

MINISTER'S OFFICE

OTTAWA

April 1, 1915.

E

Sir,-

I have the honour, by direction, to acknowledge General Hughes' receipt of your letter of 29th ult., regarding the University Base Hospital, and to say that under instructions from my Minister, I called upon the Postmaster General this morning, with reference to the franking of the letters to be sent out in aid of funds.

Mr. Casgrain was quite willing to assist but did not like to authorize the franking of the letters in Toronto. If, however, you could have the circulars addressed in envelopes and sent to General Hughes by express or in a mail parcel, we would have them franked and mailed here free in view of the object for which the letters are being despatched. In this way the cost of postage would be obviated.

If this course commends itself to you, will you please let me know for General Hughes' information and oblige.

I have the honour to be,

Sir,

Your obedient servant,

Charles H. Winter

Lt.-Col.,
Military Secretary.

Sir Edmund Walker,
Pres. Canadian Bank of Commerce,
Head Office,
Toronto, Ont.

April 9th, 1915

The Honourable Major General Hughes,
Minister of Militia,
Ottawa.

My dear General Hughes:

Principal Patton is very anxious to have his
daughter, Joyce, go with the University Hospital as supernumerary nurse,
not being fully trained, at his expense. She has taken medical lectures
from Dr. Cook and lectures in massage. She has great determination and
force of character and will never shirk. She speaks excellent French
and Italian, and can interpret either, and is ready to do any kind of work
that would be generally useful. Dr. Clarke, Colonel Featherington
and Lt.-Colonel Roberts are in favour of her being attached without pay
though under discipline to the Hospital. I wish to recommend this to
your most favourable consideration.

Yours sincerely,

President.

Toronto, April 13th, 1915.

The Honourable,
Major-General Hughes,
Minister of Militia,
Ottawa, Ont.

Dear General Hughes:-

I am sending you a night message with regard to the statement which Col. Logie has just made to me as to there being a likelihood that there will be no concentration camp held at Niagara this May for the students of the Officers' Training Corps. I regret this exceedingly. To my mind it is a very serious decision that will work irreparable damage to a movement which began so auspiciously and which has promised to be of great future usefulness to the University. We are holding our examinations now and the announcement has been made that on account of this camp we will close three weeks earlier. Many students have already made their summer arrangements with this in view and between six and seven hundred men are counting upon going. If you can get the decision changed I am sure it will be in the interest of the Officers' Training Corps. This year things are quite exceptional. We have done our best, with I think, good results.

With kind regards, I am,

McA.

MINISTER'S OFFICE

OTTAWA April 14, 1915.

Dear Dr. Falconer,-

I am in receipt of your letter of the 9th, instant. relative to your desire that Miss Joyce Hutton, daughter of Principal Hutton, should be appointed as supernumerary nurse to go with the University Hospital.

I have today issued instructions that Miss Hutton be appointed, as you request.

Trusting that this will be satisfactory, and wishing you every success.

Faithfully,

A handwritten signature in ink, appearing to read "James H. Hutton", with a long horizontal line drawn underneath.

Dr. R. A. Falconer,
President, Toronto University,
Toronto, Ont.

April 15th, 1916

Major-General Dugan,
Minister of Militia,
Ottawa.

Dear Sir:

In accordance with instructions received from your
Military Secretary, the Registrar of the University expresses
its regret that it is unable to provide the necessary facilities
for the holding of the University of Canada. A copy of
the University of Canada is enclosed. It is hoped that you will
be able to control the situation with our friends and that to
be taken account of the same in regard to

Very respectfully,
Yours sincerely,

John Dugan,

Registrar.

April 17th, 1915

Major General Hughes,
Minister of Militia,
Ottawa.

Dear General Hughes:

Thank you very much for your kindness in agreeing that Miss Joyce Hutton should be accepted as supernumerary nurse with the University Hospital. However, on consultation with Colonel Roberts who will find it difficult to assign her a place in which she could do satisfactory work Miss Hutton has withdrawn her application. This, however, takes none the less my desire to thank you for your considerate treatment of my request.

I am,

Yours sincerely,

President.

MINISTER'S OFFICE

B.

21st April, 1915.

OTTAWA

Personal.

Dear Dr. Falconer:-

I am in receipt of your letter of the 17th inst., and can see no reason in the world why Miss Joyce Hutton should not go, and any little feeling on the part of the nurses must be promptly suppressed. If you wish this young lady to go there is plenty of room for her and plenty of good work that she may do, so please show this to Colonel Roberts. Indeed, if I remember rightly, I spoke to him about her, and he made no objections. It is these societies of nurses that are butting in.

Faithfully,

A handwritten signature in cursive script, appearing to read "Sam Hughes", written over a horizontal line.

Rev. Robert A. Falconer, D. D.,
University of Toronto,
Toronto, Ont.

April 21st, 1915

Lt.-Colonel Winter,
Department of Militia and Defense,
Ottawa, Ont.

Dear Sir:

Will you be kind enough to give instructions for the payment of the five thousand dollars promised by the Government to the University of Toronto for the purpose of preparing tetanus antitoxin in our Hygiene Laboratories? The work is now under way and a large amount of money has been expended. It will therefore be a great convenience to the University to have the payment made as soon as possible.

I am,

Yours sincerely,

Frederick.

April 22nd, 1915

Major General Hughes,
Minister of Militia,
Ottawa.

Dear General Hughes:

I am enclosing a copy of a letter that I have just received from the War Office in London. It is one of the many letters that the War Office sends to the Canadian Army in connection with the recruitment of men for the Canadian Expeditionary Force. The letter is dated 19th April 1915, and it is addressed to the Minister of Militia. It contains information regarding the recruitment of men for the Canadian Expeditionary Force, and it also contains information regarding the recruitment of men for the Canadian Army. I am enclosing this letter for you, and I am sure that you will find it of interest. I am also enclosing a copy of a letter that I have just received from the War Office in London. It is one of the many letters that the War Office sends to the Canadian Army in connection with the recruitment of men for the Canadian Expeditionary Force. The letter is dated 19th April 1915, and it is addressed to the Minister of Militia. It contains information regarding the recruitment of men for the Canadian Expeditionary Force, and it also contains information regarding the recruitment of men for the Canadian Army. I am enclosing this letter for you, and I am sure that you will find it of interest.

Yours,

Yours sincerely,

Frederick.

April 26th, 1915

The Honourable the Minister of Militia,
Ottawa, Ont.

Dear General Rogers:

Very thanks for your telegram stating that you have arranged for the Officers' Families Corps going into Camp at the beginning of May. This will be a great satisfaction to a large number of soldiers. I have to thank you for having secured the privileges for us. In view of the prospect that will be before us now we must all see that our material is provided. It is a task which will certainly give you much trouble which we have done.

With very regards, I am,

Yours sincerely,

President.

MINISTER'S OFFICE

OTTAWA April 29th, 1915.

Sir,-

I beg to acknowledge receipt of your enquiry of 21st instant with reference to the payment of Five Thousand Dollars (\$5000.00) promised by the Government to the University of Toronto in connection with the preparation of tetanus antitoxin.

Upon enquiry I find that there has been some delay in the passage of the Order-in-Council, and the Accountant & Paymaster General is unable to make a payment until the recommendation for this payment has been approved by Privy Council.

It is expected, however, that this approval will be received in a few days.

I have the honour to be,
Sir,
Your obedient servant,

A handwritten signature in cursive script, appearing to read "Charles H. H. H. H.", written over a horizontal line.

Lt.-Col.
Military Secretary.

Dr. R. A. Falconer, C.M.G.
President, Toronto University,
Toronto, Ont.

May 3rd, 1915

The Honourable the Minister of Militia,

Ottawa.

Dear General (Majors):

Again I am coming to you with a suggestion, but you have always treated what I said before you with so much consideration that I am encouraged to send this communication to you also. In talking over with Colonel Lamb a suggestion that the C.O.F.C. should be given the opportunity of volunteering for service in Bermuda it occurred to me that a closer relation or relationship might be formed from the recruits attending the Central Officers Camp and kept under training continuously as a source from which officers should be drawn to replace casualties. The location of such a training corps might be in Canada, in Ireland or in France. If stationed in either of the latter countries they would be immediately available for filling up vacancies in the Canadian battalions. Probably, however, Canada would be the more suitable permanent centre for such a source of officers. Colonel Lamb takes the suggestion because he thinks it probable that when this camp is over large numbers of the students may wish to go abroad, and it is better to keep those men for officers rather than to have them enlist as privates. I gladly lay the proposal before you for your consideration.

Yours sincerely,

Fredrick.

Fr

MINISTER'S OFFICE

OTTAWA May 4, 1915.

E

Sir,-

I have the honour, by direction, to acknowledge Major-General Hughes' receipt of your letter of 22nd ult., with copy of enclosure from Colonel Blinkinson of the War Office, London, with reference to the Toronto University students serving in the ranks with No. 2. Casualty Clearing Station.

The students who enlisted as privates are not, so far as known here, registered practitioners in Ontario, but are graduates in medicine from Toronto University. As they are not registered they are not qualified for commissions in the Army Medical Corps. After their arrival in England and upon the Authorities there being informed of their qualifications, the Minister has no doubt that full use will be made of their skill and abilities as medical men, if such is desired.

I have the honour to be,

Sir,

Your obedient servant,

Charles H. Winter

Lt.-Col.,
Military Secretary.

Dr. Robt. A. Falconer, C.M.G.,
Pres. University of Toronto,
TORONTO.

May 25th, 1915

Lt.-Colonel Aister,

Military Secretary, Department of Militia and Defence.

Dear Colonel Aister:

I have just interviewed the Registrar of the Ontario Medical Council and he gives me the names that I enclose as being registered practitioners in the Province of Ontario. I believe therefore that they will have fulfilled all the qualifications for registration in the Canadian Army Medical Corps. If you will kindly have them entered upon the Canadian Army Medical Corps the transference can then be effected to the English Army Medical Corps, and qualified men, who are I understand badly needed, will be able to do a better class of work than is possible while they are only privates.

Yours,

Yours sincerely,

President.

May 20, 1915

Lt.-Colonel Sitter,
Department of Militia and Defence,
Ottawa.

Dear Sir:

Allow me to thank you for the cheque for five thousand
dollars in reward of work to be done by our laboratory of hygiene
in the production of typhoid inoculum for the Canadian Expeditionary
force.

Yours sincerely,

President.

Dr. W.E. Willmott.
Appointment - University of
Toronto Contingent, 1913.

Sir:-

Referring to your letter dated the 30th April, ultimo, addressed to the Honourable the Minister of Militia and Defence, relative to a recommendation for the appointment of Dr. W.E. Willmott to the University of Toronto Contingent, Canadian Officers' Training Corps, I have the honour by direction to inform you that such was included in a gazette dated the 6th instant, and the Officer Commanding the 2nd Division Toronto, Ontario, was notified accordingly on the 7th instant. The gazette referred to will be promulgated in due course.

I have the honour to be,

Sir,

Your obedient servant.

Major, A.A.G.,
for A/Adjutant-General.

May 20th, 1916

The Honourable the Minister of Militia,

Ottawa.

Dear General Hughes:

You may remember that I laid before you some time ago the proposition that at the close of the war for the Officers' Training Corps a permanent O.T.C. should be maintained in the service units. As I remember our conversation you agreed that it would be advisable so that our men might be trained as officers whenever they might be required for commissions in the C.B.M. or in the Militia Army.

I am glad to know that you thought so highly of the work that was done at Niagara by the university men, and that you yourself believe there is a great deal of excellent material that can be used there. As you are aware already a 2nd University Company of the C.B.M. has been established and recruiting is now going on at the university with a fair measure of success. If, however, the students could receive definite assurance that this university Company would be recognised as an O.T.C. from which men who are properly qualified will be recommended for commissions I have confidence that the number of those who recruit will be greatly increased at once. May I ask you to be kind enough to take this into your consideration at once? Your good offices in the past have been so genuinely shown to us that I venture to lay this before you.

Yours sincerely,

May 26th, 1915

meeting of officers present, the recommendation is that that there
 will be a grant of relief of honor for filling positions. This grant
 was made for some time ago, but has not yet been paid by the
 Divisional Treasurer because he has not received authority from
 Ottawa with regard to the matter, hence I understand he has
 written about it. The force is badly in need of money and the
 matter is pressing. May I ask you to be good enough to refer
 this to the proper authority and assist, please,

THE UNIVERSITY OF CHICAGO

recognised at once, there would be no difficulty in filling the ranks, and as you drafted your men for service others will come forward. I am afraid, however, that if the second university company is sent away at once on active service there will be no nucleus left for establishing any university G.T.C. that would become a permanent source from which you could draft officers both during the summer and in the coming winter. If on the other hand the men are kept as a nucleus and simply drafted as you have need for them to fill officers' positions, you would always have a working nucleus which would be a great asset. This was the point of view that I expressed to General Walker on Tuesday.

Very respectfully,
to be,

Yours sincerely,
